Announcement BNS Research Prizes 2022

Dear BNS member,

The BNS Executive Committee would like to announce the **BNS Research Prizes 2022**.

The eligibility criteria of the BNS Research Prize 2022 are the following:

- Junior BNS members (≤ 35 years old on September 30th, 2022) can apply with a full length original paper that has been accepted in 2021 or 2022 for publication in an international peer-reviewed journal. Submitted papers will be scored based on methodology and originality. Review papers are not allowed, but systematic reviews will be considered.
- Only application of BNS members will be considered. Non-members can apply for membership of the society by sending a CV to the BNS administration and by paying the membership fee, before sending in the application for the BNS research prize.
- The applicant should be first or senior author.
- Each applicant can submit only one application.
- Winners of the BNS Research Prizes 2021 cannot apply in 2022.
- The BNS Research Prize winners will present their work at the BNS Symposium on December 10th 2022.

The final accepted version of this work or a proof of acceptance in case the work is still in press should be submitted to the BNS ExCo by email to the BNS administration (bns@neuro.be), together with a motivation letter and a CV.

The deadline for submission is September 30th, 2022 (midnight).

A maximum of four prizes of 500€ each will be awarded.

This information can also be found on our website neuro.be.

Yours sincerely,

The BNS Executive Committee
